Dr. Mark Crapo

"Do you want to feel and look better - find out how you can by using Symmetry health products."

Chefs may have made garlic famous these days, but garlic's health benefits have been well chronicled for centuries, initially used in Europe as a prescribed antibiotic. Garlic is known to combat bacteria, lower blood pressure and cholesterol, support the cardiovascular system and is said to also support liver health.

Specially formulated with both aged old garlic extract and standardized Allicin extract, Botana G offers more than any other garlic supplement on the market. Plus, our proprietary botanical base is easy on your stomach, with no lingering garlic odor.

You can experience the amazing age-old benefits of garlic with Symmetry's contemporary Botana-G!

▶ **With Botana-G, your body will receive: Multiple sources of allicin (not just garlic) for added health benefits.**

- A special vegetable blend with all of the similar health-promoting properties of garlic (no other garlic supplements offer this full spectrum blend).
- Ginger and peppermint to support easy digestion. Parsley to help deoxidize the system.
- The equivalent of one and one half garlic cloves per caplet.
- Get the ancient benefits of garlic in the most modern form available today

People using Botana G also use these supporting products:
