Dr. Mark Crapo

"Do you want to feel and look better - find out how you can by using Symmetry health products."

Medical statistics show that the average adult catches two to four colds each year. Doorknobs, keyboards, phone receivers, even a friendly handshake - these are just a few of the places where rhinovirus, the virus that causes colds, lingers.

Your body needs an abundance of nutrients to combat common cold symptoms. Be prepared for the ravages of the cold season; when you feel a cold coming on, reach for Symmetry's Cold Rx formula – a combination of nutrients and botanicals that support the body's natural defenses so that you feel your best before you know it.
