Dr. Mark Crapo

"Do you want to feel and look better - find out how you can by using Symmetry health products."

Emotional distress is no joke. If you've experienced it, you know how overwhelming it can get. Unfortunately, many people don't take the problem seriously, which can then lead to severe depression. Nature has provided a safe and natural alternative for "the blues": St. John's Wort (*Hypericum perforatum*) powerful botanical revered since the day of Hippocrates.

Thousands of years of evidence demonstrating its balancing effects prompted European medical doctors to conduct studies on it, where it proved to be very effective against emotional complaints. Symmetry's NeuroCalm formula offers the benefits of St. John's Wort along with a synergistic blend of botanicals that work to keep you feeling emotionally balanced.

If you or someone you know is experiencing emotional distress, we suggest NeuroCalm to help get through these times of sadness and anxiety. Neuro-Calm is a safe, timeless remedy offering natural support during times of emotional distress.

▶ Symmetry's NeuroCalm contains:

- St. John's Wort (*Hypericum perforatum*)
- Herbs, such as Kava Kava, shown to greatly increase feelings of calm and well being.
- Rhodiola rosea extract, widely used in Russia, shown in studies to have positive effects in mood.

People using Neuro-Calm also use these supporting products:
